theorist in particle theory. This revision by Jim Napolitano retains the original material and adds topics that extend the text's usefulness into the 21st century. Book Modern Quantum Mechanics 2nd Edition by J J Sakurai

Modern Quantum Mechanics Sakurai Second Edition Solution

It is trivial to see that the first operator is the null operator. For the second and third, you can work these out explicitly using (1.3.35) and (1.3.36), for example which is just the projection operator for the state $|+\rangle$. 8. I don't see any way to do this problem other than by brute force, and neither did the previous solutions manual.
