List of issues Psychology and Sexuality

The field of psychology has extensively studied homosexuality as a human sexual orientation. The American Psychiatric Association listed homosexuality in the DSM-I in 1952, but that classification came under scrutiny in research funded by the National Institute of Mental Health. That research and subsequent studies consistently failed to produce any empirical or scientific basis for regarding ...

Welcome to The Psychology of Sex website for both women and men. I don't know about you, but I used to have very mixed feelings about sex and/or a relationship with someone else. When I was in counseling, my therapist would say this is normal for everyone. "Sometimes you want it, sometimes you don't," she'd say.
